*People who use Herbalife® Formula 1 twice a day as part of a healthy lifestyle can generally expect to lose around half a pound to 1 pound per week.

[†]Studies of the active ingredients in Prolessa® Duo powder suggest that consumers may experience a diminished appetite or loss in hip circumference an average of 0.4 inches when consuming Prolessa® Duo powder as directed for a period of eight weeks. Weight-loss claims above result from regular consumption of Herbalife® meal replacement products and the Prolessa® Duo powder, together with healthful eating habits and exercise.
